# LITTLE ENGLISH VILLAGE™

*Inspired by our rambles through the glorious British countryside, Little English Village™ provides the makings of a picturesque miniature town, complete with buildings, gardens, and public monuments. Four interchangeable sets, each with ten charming pieces and a 5-1/2" square base, are currently available. Five more are in the offering.*

*Hand-crafted by Mr. Rose of natural sand and clear matte resin, the solid pieces are pleasingly substantial in weight yet small in size—the largest buildings are a mere 1.5 x 2.25 inches in footprint.*

*Clockwise:  
Church, Manor, Village Green, Manse*

*Single set \$59.  
All four sets \$225.*

*Unsuitable for dogs
